With SurvPC, get the world's most flexible & powerful data collection software on the PC platform. This means:

- Increased hardware capability
- Increased virtual memory & increased ability to work with large sets of data
- Increased screen size & more convenient touch screen usage

Like Carlson SurvCE, SurvPC supports the widest range of popular and new release RTK GPS and conventional/robotic total stations. Carlson SurvCE and SurvPC are complete data collections systems for Real Time Kinematic (RTK) GPS and Total Stations with in-field coordinate geometry. SurvPC can be utilized on standard Windows PC computers such as ruggedized laptops.

**OFFER VALID TILL 31/12/2011**
